	<p><b>Dryclean - Normal Cycle</b></p>  Any Solvent  Any Solvent Except Trichloroethylene  Petroleum Solvent Only	 Do Not Dryclean														
		 Short Cycle  Reduced Moisture  Low Heat  No Steam Finishing														

\*This chart illustrates care symbols accepted by the Federal Trade Commission as part of a conditional exemption to the FTC Care Labeling Rule (16 CFR 423). This chart is referenced from ASTM D5489-96c, Fig. 1, Commercial and Home Laundering and Drycleaning Symbols, which illustrates the symbols to use for laundering and drycleaning instructions. As a minimum, laundering instruction shall include, in order, four symbols: washing, bleaching, drying, and ironing; and drycleaning instructions shall include one symbol. Additional words may be used to clarify language-dependent instructions.

We urge you to purchase the latest Annual Book of ASTM Standards that contains the complete symbol set from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.
